

Fortress Mouthguards

Reliable, comfortable and customisable!

Your Patients Deserve the Best!

A well-fitted, high-quality mouthguard is essential for protecting against damage to teeth while playing sport. Our mouthguards are professionally fitted to ensure the highest level of protection. Because they are custom made they are much more comfortable to wear than off-the-shelf mouthguards and cause less interference when breathing and speaking.

Custom Colour Options

These mouthguards combine premium strength with a comprehensive range of team colour combinations using the Briteguard Easy Colour System. Every colour, and every colour combination in this range has been rigorously tested to ensure its safety. The colours also meet the Standards of the ISO 9002 Quality Assurance Model and all relevant European and US regulations.

Logo Options

Race Dental can print a team or sponsor logo on our mouthguards - please speak to our friendly customer service team for more information. Additional charges may apply.

Health Fund Rebates

Most private health funds will cover all or some of the cost of a mouthguard. Ask your patient to contact their fund for more information.
